Suggestions for Planning

THE PERENNIAL BORDER

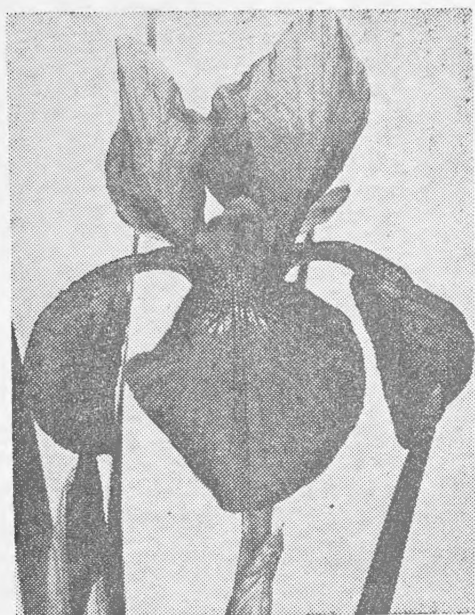

A well planned Perennial Border is the pride of the home gardener. And it is a problem that takes careful forethought so that something of interest will be in bloom along its entire length all through the season. Tall Perennials should be planted so that they may lift their stately height to the back of the border; dainty edging plants mark the bounds of the bed; while the medium growers fill the space between. The color selection, too, should be harmonious with no violent clashes of reds and purples. It can be so planned that the general effect or color scheme will be quite different in the spring, the summer and the fall.

Interesting contrasts can be worked out both in the form of flower and of leaf. Daisy-like flowers should be accentuated by spires of bloom such as Delphinium or Hollyhock or by Iris and Day Lilies on their tall stems. Leaves may be heavy and coarse, smooth and shining, fern-like or strap and sword-shaped.

As a Perennial Border will not be entirely replanted for several years the soil should be deeply dug and fertilized, with steer manure for sun loving plants and with leaf mold or peat moss for those to grow in shade, before the Perennials are set in their places. Allow space for the growth of the plants, as most of them will increase in width with the years.

A diagram should be laid out before planting, as it is easier to re-arrange plants on paper than after they are set in the garden.

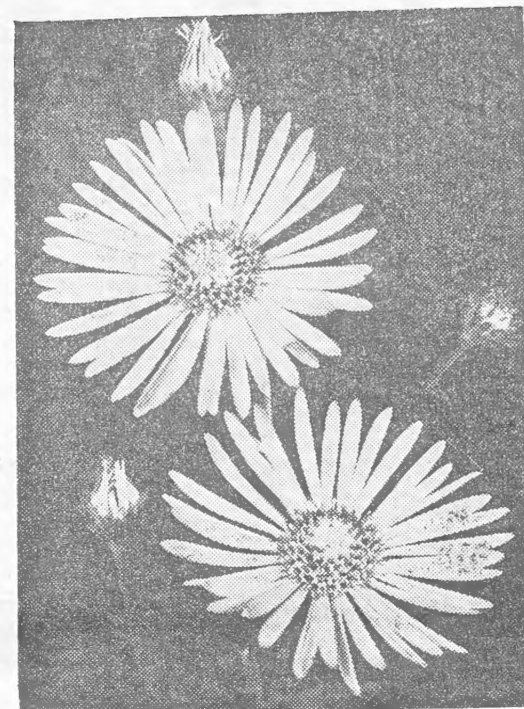

**The Lists on the Inside Pages Will Help
in the Planning of Your Border.**

Iris sibirica

PERENNIALS of MEDIUM HEIGHT

Variety	Color	Location	Blooming Season	Price
ANEMONE japonica	Pink	Shade	Late	.65
AQUILEGIA Columbine	Blues Pinks, White	Shade	Early	.65
ARCTOTIS	Mixed	Sun	Mid-Late	.65
ASTERS	Blue, Pink Lavender	Sun	Mid-Late	.65 & .75
BRUNNERA Anchusa	Blue	Shade	Early	.75
CAMPANULA	Blue	Shade	Mid-season	.65
CHRYSANthemum Northland Daisy	Pink Blue, White	Sun	Mid-Late	.65
Marguerite	White, Yellow	Sun	All season	.50
Shasta Daisy	White	Sun	Mid-Late	.65
CARNATIONS Named Varieties	White, Red Yellow, Pink	Sun	Mid-Late	.45 pot
BLEEDING HEART	Pink	Shade	Early	1.25
GERBERA	Pastels	Sun	Early-Late	.65
GEUM	Yellow, Red	Sun	All summer	.65
HELLEBORUS	Purple	Shade	Winter	1.00
HEMEROCALLIS Day Lily	Yellow Bronze, Orange	Sun	Early to late	.65
